Under the Americans with Disabilities Act, PRC must make a reasonable accommodation to allow a person with a disability to take part in a program, service or activity. For example, this means that if necessary, PRC must provide sign language interpreters for people who are deaf, a wheelchair accessible location, or enlarged print materials. It also means that PRC will take any other reasonable action that allows you to take part in and understand a program or activity, including making reasonable changes to an activity. If you believe that you will not be able to understand or take part in a program or activity because of your disability, please let us know of your disability needs in advance if possible. Please contact PRC at 602-253-6895.

Según la Ley para Americanos con Discapacidades (ADA), PRC tiene la obligación de realizar esfuerzos razonables para facilitar que las personas discapacitadas puedan participar de los programas, servicios o actividades. Esto quiere decir, por ejemplo, que PRC debe proveer intérpretes de lenguaje de señas para las personas sordas, una localización accesible por silla de ruedas, o materiales impresos en letra agrandada. También significa que PRC hará un esfuerzo razonable para que usted pueda participar en una actividad o comprenderla, incluyendo cambios razonables en la actividad. Si usted cree que no podrá entender una actividad o participar en ella a causa de su impedimento, por favor, comuníquenos de antemano su impedimento si le es posible. Por favor, llame a PRC al 602-253-6895.
Community Partners Making A Difference

Bethune Elementary School and the City of Phoenix Parks and Recreation Department have forged a new partnership. The Recreation Department held it’s summer programs out of the Bethune multi-use gymnasium. Under the direction of Robert Sells, Recreation Coordinator II, the program launched on June 1st, 2010 and ended on July 23rd, 2010. The programs that were available to the kids were basketball, dodge ball, indoor football and mini soccer. Mr. Sells stated that the program averaged 80 youth per day who enjoyed the activities.

We would like to thank the Phoenix Elementary School District, particularly CEO Myriam M. Roa and Bethune Elementary School Principal Dr. Ronnie Pitre. This collaboration enabled many of our neighborhood youth to have a safe and fun place to play. We would also like to give a special “Thank You” to Our Lady of Fatima Catholic Church, who graciously housed the program throughout the 2009-2010 school year. Thank you to Mrs. Rita Ruiz and Mrs. Emma Hughes who gave countless hours to support the community.

Congratulations to Mary McLeod Bethune School for meeting State and Federal education standards for the 2009-10 school year.

Los programas que fueron disponibles a los niños incluyeron, baloncesto, esquina la pelota, futbol Americano para interiores y futbol de media cancha. El Sr. Sells dijo que el programa regularmente contó con 80 jóvenes por día que se divirtieron en las actividades de verano.

Nos gustaría agradecer al Distrito Escolar de Elementarias de Phoenix, en particular a la Directora Ejecutiva Myriam M. Roa y la Directora de la Escuela de Bethune el Dr. Ronnie Pitre. Esta colaboración nos dio la oportunidad de proveer un lugar seguro y divertido para los jóvenes de nuestra vecindad.

También nos gustaría darle un agradecimiento especial a la Iglesia Católica de Nuestra Señora de Fátima, quien proveció un lugar para el programa durante el año escolar 2009-2010. Gracias a la Señora Rita Ruiz y la Señora Emma Hughes que donaron numerosas horas para apoyar a la comunidad.

“SHOP CENTRAL CITY SOUTH AND SUPPORT OUR LOCAL BUSINESSES”
Phoenix Revitalization Corporation is evaluating and conducting surveys on the transportation system in Central City South

A diverse, walkable community depends on a transportation system that provides many choices of how to get around. This includes people walking, riding the bus, riding the light rail and people who drive their vehicles. Good transportation systems contribute to healthy communities. This can be affected by housing sites, affordable and convenient transportation, easy access to shopping and services, safety and equity.

PRC is in the process of evaluating the transportation system in Central City South. If you have any comments, please call us or email us at: info@phxrevitalization.org Join us at the C.A.T. Meeting on August 12th as we discuss the CCS system.

Some tips for caring for pets in summertime

- Provide plenty of clean, cool water in a non-metal, spill-proof container
- Provide shelter that is clean, adequate air circulation and shade
- Walk your pet early in the morning or in the cooler evening hours
- Do not exercise your pet strenuously. Avoid extra-long walks, hikes or excessive play
- NEVER leave your pet in a parked car. Call 911 if you see this
- Watch for signs of heat exhaustion: loud, rapid panting; rapid pulse; glazed eyes; excessive salivation; elevated body temperature; excessive whining or agitation and vomiting
- Brush your pet’s coat to keep it free of mats. Use caution if you shave your pet; bare skin can sunburn. To protect your pet, apply a zinc-free sunscreen to is ears and top of his nose

Students and Local Businesses Come Together

During the 2009-2010 school year, a collaboration was formed between Central City South businesses, Local Initiatives Service Agency (LISC), Phoenix Revitalization Corporation (PRC) and Paul Laurence Dunbar Elementary school students to provide a service learning project. The students learned required educational academic skills while providing needed materials to local small business owners. This project was provided to the Central City South community by a grant from State Farm Insurance.

Estudiantes y Negocios Locales se Unen

Durante el año escolar 2009-2010, se formó una colaboración entre los negocios de Central City South y los estudiantes de la Escuela Elemental de Paul Laurence Dunbar para crear un proyecto de servicio y aprendizaje. Los estudiantes aprendieron habilidades académicas requeridas para su educación y mientras tanto proveyeron materiales necesarios para los dueños de los negocios pequeños. Este proyecto no pudo ser posible sin el apoyo de la Escuela Elementary Dunbar, LISC (La Corporación de Apoyo de Iniciativas Locales), y PRC (la Corporación de Revitalización de Phoenix) y especialmente a State Farm quien proveyó los fondos para este proyecto.
Phoenix Revitalization Corporation (PRC) celebrated their 2010 Annual Board Meeting with a community luncheon where they were joined by residents, businesses, faith based groups, educational institutions, government departments and representatives of the many providers in Central City South. In addition, to highlighting their programs, PRC unveiled their “Quality of Life” Plan which included eight strategies on guiding community change in our neighborhoods. PRC, residents and many partners have worked the past two years to produce this document, a recording of ideas, visions and dreams of all generations and cultures that live in our community that will not only improve the quality of life for everyone, but encourage new stakeholders to build on this plan and join us as partners in our community, our vision, our plan.
