Central City South Phoenix has changed a lot since 1925. Let’s work together to remember the environmental history of your neighborhood!

Central City South Phoenix ha cambiado mucho desde 1925. Nos gustaría invitarlos a trabajar juntos para documentar los cambios medio-ambientales en su comunidad.

Do you have stories to tell about the way the streets, houses, business and trees and plants have changed in your neighborhood since you’ve lived there? Do you have old photographs of Central City South Phoenix that you would like to share with your neighbors and ASU researchers?

Come to the August CAT meeting to find out more, or call ASU student Kate Parady at 602.492.7996 to arrange an appointment for photo scans or to learn more about how to share your stories! Your photos will be copied during the appointment using a scanner, so you will take them home at the end of the appointment.

¿Recuerda usted como han cambiado las calles, viviendas, negocios, plantas o árboles en su vecindario desde que vive en Phoenix? ¿Tiene fotos viejas que muestren el cambio medio-ambiental en Central City South Phoenix, y que esté dispuesto a compartir con sus vecinos e investigadores universitarios de ASU?

De ser así, venga a la reunión de Community Action Team (CAT) en Agosto para obtener más detalles, o hable por teléfono al estudiante Juan Declet Barreto al 480.228.4015 para concertar una cita. Sus fotos serán copiadas digitalmente con un escáner durante la cita, de manera que usted se llevará sus originales a casa.

From darkness to light, Alexis Molina has overcome some difficult times in her early life to make positive changes that will impact her future. Alexis is 17 years old and is a recent graduate of North High School, Class of 2011. She along with her family were former residents in Central City South (Luke Krohn West). She was a part of the AVID (Advancement Via Individual Determination) program which prepared students for college and success. She was also involved in activities such as the Wrestlerettes and Yearbook photography. Alexis also served as a peer to peer mentor for other youth who were in difficult situations. Upon her graduation, Alexis was awarded a four (4) year academic scholarship to the University of Arizona. Her major is still undecided at the moment. She along with her mother, Yvonne Ayon graduated from the Phoenix Revitalization Corporation’s Leadership Academy X in the summer of 2008. Her mother states that graduating from the Leadership Academy was a launching ground to motivate her to use the skills she had into the future. Best of Luck at the U of A, Alexis! Congratulations.

De la oscuridad hacia la luz, Alexis Molina ha tenido que sobrepasar momentos difíciles en su joven vida para poder hacer cambios positivos que impactaran su vida. Alexis tiene 17 años y recientemente se graduó de la Preparatoria North High en la clase del 2011. Ella, igual que su familia fueron residentes en Central City South (Luke Krohn West). Tomo parte en el programa AVID (Avance por Medio de Determinación Individual) que prepara a estudiantes para la universidad y para ser exitosos. También estuvo involucrada en actividades como porrista de lucha libre ‘Wrestlerettes’ y en fotografía para el libro anual. Alexis también funcionó como mentor para otros jóvenes en su entorno que pasaban por situaciones difíciles. Después de graduarse, Alexis recibió una beca académica por cuatro años para la Universidad de Arizona. Todavía esta indecisa en la licenciatura que va a seguir. Igual que su madre, Yvonne Ayon, Alexis se graduó de la Décima Academia de Liderazgo de Phoenix Revitalization Corporation el verano del 2008. Su madre dice que graduarse de la Academia de Liderazgo fue una base para motivarla a usar sus habilidades para el futuro. ¡Nuestros mejores deseos en la U de A Alexis! ¡Felicitaciones!

Paying child support is important!

Raising a child is expensive. When a non-custodial parent shirks his or her responsibility, it not only creates a burden to the custodial parent, the cost often falls on the shoulders of taxpayers.

Children do better when both parents are involved. Countless studies have shown that children do better in school, display better social skills, graduate from high school more often and attend college more frequently.

Helping parents meet their obligations pays dividends to everyone involved. Non-custodial parents who are struggling in today’s tough economy can find many different types of help – including reduced payments, counseling and help in finding new employment.

Parents who try to avoid their obligations end up in trouble. They might find it hard to get a professional license, get a tax refund, collect the full amount of a court-ordered judgment or even obtain a passport.

For all these reasons – and many more – Governor Janice K. Brewer has proclaimed August as ‘Child Support Awareness Month.’

The Arizona Department of Economic Security’s Division of Child Support Enforcement (DCSE) has the primary role in coordinating child-support collections, along with the Attorney General’s Office, Arizona’s 15 county attorneys and county clerks of the court, and other public, private and law enforcement agencies.

If you need assistance in establishing paternity (a legal father) for your child, establishing a child support court order, enforcing and collecting against a child support court order or possibly modifying or settling your child support order, contact:

Programa de Internados de Verano para Obtener Experiencia de Trabajo para Jóvenes

Treinta jóvenes de viviendas públicas entre las edades de 14-18 participaron en el Programa de Internados de Verano para Obtener Experiencia de Trabajo para Jóvenes. Como la Ciudad de Phoenix no pudo ofrecer un programa de verano para obtener experiencia de trabajo para jóvenes este verano a causa del corte de fondos, el Departamento de Viviendas de la Ciudad de Phoenix recibió una concesión que permitió que los jóvenes participaran en el programa de internados. Este programa les proveyó a los jóvenes con experiencia de trabajo y otras habilidades valorables que podrán usar para obtener oportunidades de empleo en el futuro. Cada joven y sus padres asistieron a un taller de educación financiera facilitada por el Banco de América (vea la foto) y los trabajadores del Departamento de Viviendas. A los jóvenes los pusieron en varios sitios incluyendo centros de recreación, biblioteca, agencias no lucrativas y departamentos de la ciudad.

Central City South - Saturday, June 25th 2011:

In the heat of the moment, Phoenix Revitalization Corporation (PRC) held the 2nd “FIX-IT” event that provided home repair and supplies for 10 homeowners in the I.G. Homes Neighborhood. Residents worked with volunteers to clean yards, install security lighting, repair window screens, install new sink fixtures and much more. We had a pair of volunteers that did this project as their “First Date”. We had a resident volunteer help remove trash from another resident’s yard for over two hours. The Valley Hispanic Bomberos provided repair assistance and installed smoke alarms. Arizona Public Service provided the energy efficient light bulbs and PRC staff coordinated the project.

This project was launched with the funding support of STATE FARM INSURANCE. Program partners include:

City of Phoenix  -  Neighborhood Services
Valley Hispanic Bomberos
Arizona Public Service
Phoenix Philanthropist
Local Initiatives Service Corporation
Labor’s Community Service Agency
Residents on Maricopa Street
