*Under the Americans with Disabilities Act, PRC must make a reasonable accommodation to allow a person with a disability to take part in a program, service or activity. For example, this means that if necessary, PRC must provide sign language interpreters for people who are deaf, a wheelchair accessible location, or enlarged print materials. It also means that PRC will take any other reasonable action that allows you to take part in and understand a program or activity, including making reasonable changes to an activity. If you believe that you will not be able to understand or take part in a program or activity because of your disability, please let us know of your disability needs in advance if at all possible. Please contact PRC at 602-253-6895.*

*Según la Ley para Americanos con Discapacidades (ADA), PRC tiene la obligación de realizar esfuerzos razonables para facilitar que las personas discapacitadas puedan participar de los programas, servicios o actividades. Esto quiere decir, por ejemplo, que PRC debe proveer intérpretes de lenguaje de señas para las personas sordas, una localización accesible por silla de ruedas, o materiales impresos en letra agrandada. También significa que PRC hará un esfuerzo razonable para que usted pueda participar en una actividad o comprenderla, incluyendo cambios razonables en la actividad. Por favor, llame a PRC al 602-253-6895.*

# Central City South Receives Community Award

On November 15, 2012, the community of Central City South was recognized by LISC Phoenix in the category of “**Outstanding Neighborhoods.**” LISC Phoenix recognized the impact that residents and stakeholders have made by creating a common vision: the Quality of Life Plan. As a result, people of all ages and ethnicities have come together to work in community gardens, participate in walking clubs, help fix their neighbors’ homes, build leadership, and proudly sponsor the first ever Mayoral forum for their neighborhood!

PRC would like to congratulate **EVERYONE!!**

Your dedication and commitment has not gone unnoticed.

# Global warming:

What is global warming? 'Global warming' is when the earth heats up. There are layers of gases around the earth called 'greenhouse gases' which include carbon dioxide, water vapor, nitrous oxide, and methane. Air pollution increases the amounts of gases in particular, carbon dioxide and methane, which leads to the greenhouse effect. The greenhouse effect is when greenhouse gases trap all the heat from the sun, and heat up the earth. It's like sitting in your car with the windows rolled up; the inside of the car gets really hot. Heat from the sun gets to the surface of the earth (just like going in through the windows of a car), but it can't get out. This leads to a lot of changes in the weather and can ruin whole environments for the people and animals living in them. We need the greenhouse effect for the earth to be warm enough to live on, but it has become too strong and now the earth is getting overheated. We will have to work hard to clean up air pollution so it does not get worse.

## Calentamiento Global

¿Que es el calentamiento global? El 'calentamiento global' es cuando la temperatura de nuestra tierra y océanos aumenta. Alrededor de la tierra hay capas de gases que se llaman 'gases atmosféricos' que incluyen dióxido de carbono, agua vaporada, nitrógeno de oxido y metano. La contaminación del aire aumenta los niveles de gases en especial el dióxido de carbono y metano que causan el efecto invernadero. El efecto invernadero es cuando los gases atmosféricos atrapan el calor del sol y calientan la tierra. Es como el estar sentado en su carro con las ventanas cerradas; el interior del carro se pone bien caliente. El calor del sol llega hacia la superficie de la tierra (igual que como entra por las ventanas del carro) pero no se puede salir. Esto causa muchos cambios en el clima y afecta el medio ambiente para muchas personas y animales que viven en ellos. El efecto invernadero es necesario, la tierra necesita estar suficientemente caliente para que podamos vivir en ella, pero se ha vuelto mucho mas fuerte y la tierra se esta sobrecalentando. Tendremos que trabajar muy duro para poder limpiar la contaminación del aire para que no empeoren las cosas.

# SOUTHWEST FAIR HOUSING COUNCIL

What is your role in Affirmatively Furthering Fair Housing (AFFH)? Many people don't know what it means to Affirmatively Furthering Fair Housing. The Department of Housing and Urban Development says it involves analyzing local laws, practices, and policies, as well as identifying any obstacles people may face in obtaining, enjoying, and maintaining their housing. HUD also looks at the choices available, and the condition of both private, and public housing. The goal of AFFH is to remove any obstacles people face. There are eight prohibited practices according to the Fair Housing Act:

- ***Refusing to rent or sell or to negotiate for the rental or sale of a dwelling***
- ***Subjecting persons to different terms, conditions and privileges***
- ***Limiting housing choice by word or conduct***
- ***Otherwise make housing unavailable***
- ***Misrepresenting the availability of a dwelling***
- ***Making, printing or publishing discriminatory ads, notices or statements***
- ***Discriminating on the basis of disability***
- ***Retaliation***

The Fair Housing Act assumes that the persons are otherwise qualified to do business. This means that if someone has met the income and credit requirements as well as passing the background check (and/or other legitimate business requirements a property may have), what reason is there NOT to do business? If the reason is even partially based on one of the protected characteristics, it could be a violation of Fair Housing Law. It is also important to mention most people are born with 4 if not 5 of the protected characteristics, which are: race, color, national origin, religion, sex, disability and families with children. So what is your role in AFFH? If you find that yours, or others rights have been violated, or you have suspicions or questions, document it, and contact us for support. We are here to be a resource for you. Please visit us online at [www.swfhc.com](http://www.swfhc.com) We serve all of Arizona, and have two locations as well:

# Dr. Gordon Ahlers

Valle del Sol | Inspiring Positive Change

If you have a chance to speak with him about his life, you will find that he has had a variety of very interesting experiences. He worked in emergency medicine for 25 years, and then worked for three years in Internal/Family Practice medicine as a Federal contractor. Dr. Ahlers was born in Greenport Suffolk County, New York which he believes is the best county ever. Being a New Yorker, he has also spent time in NYC. When he was 11 years old, his internist “saved his life” and inspired him to become a physician. He has practiced medicine in New York, Vermont, Utah and now, Arizona. When managed care became the way to do business, the practice of medicine changed dramatically, that’s when he sold his practice and worked in family medicine, the emergency room and occupational medicine. He has had many different experiences. As a younger man, he went to Italy to live for several years. Learning to cook authentic Italian food is one of the best things he has undertaken (will he cook for us one day?) Dr. Ahler is fluent in Italian, speaks French and is learning Spanish. He also holds a Master’s in Fine Arts degree. Dr. Ahlers is divorced and has children and step children from the age range of 10 years old to 32 years old.

Once again, the holiday season is fast approaching. Let us all remember that crooks love this time of year. Why.... because it is loaded with the opportunity for crime. If we remove the opportunity, we lessen our chances of falling victim to crimes. Try following these simple tips for safety and you may enjoy a more joyful season.

## Stay safe for the holidays

### Traveling?

- Use automatic timers for your lights
- Ask a neighbor to watch over your home
- Have mail and newspapers stopped while you're gone

### Going out for the evening?

- Leave the lights/TV on at home
- Make sure doors are locked upon leaving
- Keep gifts out of sight inside

### Shopping?

- Stay alert of surroundings
- Park in well lit areas
- Lock your car doors and windows
- Hide valuables in locked trunk
- Avoid carrying large amounts of cash
- Carry purses close to your body, and wallets in an inside coat pocket or front pants pocket

### Solicitors/Charity Fraud?

- Ask for I.D.
- If you are leery for any reason call the police

*Hopefully these tips will make for a Happy and Safer Holiday season.*

## Senior Opportunity West Senior Center holds its first annual **Wear it PINK** Event:

On October 25, Senior Opportunity West Senior Center (SOW) held its "Wear it PINK" event, in an effort to raise awareness about [breast] cancer. 120 seniors participated in Pink Bingo, Pink Elephant Sale, Pink craft and bake sale. Members enthusiastically dressed in pink to show their support; and were encouraged to add names of those affected by cancer to the Awareness and Memory Wall. The seniors raised \$672, which will be donated to two local charities; the Wellness Community and the Coalition of Blacks Against Breast Cancer.

# Tire Salsa Garden

It's official! The ground-breaking event for the Community Tire Salsa Garden took place on Friday, October 26, where Academia del Pueblo's student council, Friendly House leadership, city officials, and other respected guests (including former Governor Rose Mofford!) helped jumpstart this exciting initiative. Community Tire Garden will focus on providing a sustaining neighborhood salsa garden while educating the community about planting and harvesting.

"We have an extensive selection of resources that would help kids to learn more about the importance of planting, gardening and oil replacements," said Director of First Impressions at Community Tire Pros Patricia Fleischmann. "It's our objective to help teachers and parents make this not only a really fun outdoor experience, but a learning tool for building a healthier, stronger community."

Aside from volunteer planting and harvesting, Community Tire Salsa Garden will offer creative recycled tire art projects, on-site cooking workshops, and seasonal events to establish a fun learning environment.

"This garden is going to bring life and nutrition to our community. We are happy that Community Tire Pros has made the investment in this plot of land, in this community, and the kids that we serve at Academia del Pueblo," said Friendly House President & CEO Raul Espericueta.

The Community Tire Salsa Garden is scheduled for planting in February 2013. One of the long term goals for this garden is developing a Farmer's Market where community members like Academia del Pueblo families can participate in monthly exchanges of vegetables.

# Lifeline CREDIT

You could be eligible to  
**SAVE**  
**\$10<sup>00</sup>** /mo  
on your wireless  
phone bill.

Kyocera Luno™

## WHAT IS THE CRICKET LIFELINE CREDIT?

Lifeline is a government assistance program that grants eligible individuals a credit each month on their phone bill. Millions of Americans benefit from this credit. Eligible customers may receive the Lifeline credit for landline or wireless service, but the credit is only available for one phone line per household. **We are excited to offer a \$10.00 Cricket Lifeline Credit to our Arizona Cricket Wireless customers;** the Cricket Lifeline Credit is not available for Cricket Broadband or Cricket PAYGo service or those individuals living on tribal land.

## HOW DO I APPLY?

If you don't have Cricket Wireless service already, you must activate a new account before you can apply for the Cricket Lifeline Credit. Once you have Cricket Wireless service, you can apply for the Cricket Lifeline Credit at a Cricket Corporate-owned Store or an Exclusive Cricket Dealer. If you are applying through **Method 1** (program-based), just complete and sign the Cricket Lifeline Credit application (available in stores and at <http://www.mycricket.com/lifelinearizona>), provide documentation verifying your participation in one of the eligible programs listed under Method 1, and show a government-issued photo ID. If you are applying through **Method 2** (income-based), just complete and sign the Cricket Lifeline Credit application, provide documentation verifying your income eligibility (3 months of consecutive pay stubs within the previous 12 months, last year's income tax return, employer's W-2 form, etc.), and show a government-issued photo ID.

## HOW DOES IT WORK?

Once you submit your application, we'll verify your information and add the Cricket Lifeline Credit to your account. You should see your first credit within 30-60 days, typically for your first full month of service following verification of your application (if you haven't received the credit by your second full month

of service, just come back to the store (or help). Each year, you may be asked to confirm your continued eligibility. That's it!

## WHAT DOES THE CRICKET LIFELINE CREDIT MEAN FOR ME?

When you take advantage of the Cricket Lifeline Credit, Cricket service delivers even more value for the dollar. Step up to a higher-value rate plan, add a feature bolt-on you've always wanted, or just enjoy the savings each month!

## ARE THERE ANY RESTRICTIONS?

You must be a resident of Arizona to receive this credit. Only eligible consumers may enroll and the service is non-transferable. You must be the head of household and no one at your residence can receive land or wireless Lifeline service from another provider. Lifeline can only be applied to **ONE PHONE LINE PER HOUSEHOLD**, and the name on the account must match the name of the household member participating in the eligible program. To receive the Cricket Lifeline Credit, you must live in Cricket's designated service area (individuals living on tribal land do not qualify), must meet Arizona's qualifications, and must verify your qualification annually.

# make celebrations fun, healthy & active

## 10 tips to creating healthy, active events

**Eating healthy and being physically active can be a fun part of parties and events.** Great gatherings are easy to do when tasty, healthy foods from all the food groups are offered in a fun, active environment. Above all, focus on enjoying friends and family.

### 1 make healthy habits part of your celebrations

Food and beverages are a part of an event, but they do not have to be the center of the occasion. Focus on activities to get people moving and enjoy being together.

### 2 make foods look festive

Decorate foods with nuts or seeds or use new shapes for vegetables. Add a few eye-catching fruits to a favorite dish, serve up a new recipe, or add a sprinkle of almonds or green onions to add just an extra something.

### 3 offer thirst quenches that please

Make fun ice cubes from 100% juice or add slices of fruit to make water more exciting. Create a "float" by adding a scoop of low-fat sorbet to seltzer water.

### 4 savor the flavor

Take time to pay attention to the taste of each bite of food. Make small changes in your old recipes or try dishes from another culture to liven things up.

### 5 use ChooseMyPlate.gov to include foods from the food groups for your party

Offer whole-grain crackers, serve a spicy bean dip and a veggie tray, make fruit kabobs, layer yogurt and fruit to create a sweet parfait. Use whole grains and veggies to make a savory, healthy salad.

### 6 make moving part of every event

Being physically active makes everyone feel good. Dancing, moving, playing active games, wiggling, and giggling add fun to any gathering.

### 7 try out some healthier recipes

Find ways to cut back on sugar, salt, and fat as you prepare your favorite recipes. Try out some of the recipes on ChooseMyPlate.gov.

### 8 keep it simple

Have others participate by contributing a prepared dish, helping with the clean up, or keeping the kids active and moving.

### 9 shop smart to eat smart

Save money by offering foods that fit your budget. Buy in-season produce when it costs less and tastes better. Plan in advance and buy foods on sale.

### 10 be a cheerleader for healthy habits

It's never too early for adults to set an example. Keep in mind that children follow what the adults around them do—even at parties.

COMMUNITY GARDENS PUBLIC ART PROJECT

## MOSAIC ART DONATION STATION

Project Artists: John Nelson and Joe Willie Smith

Matthew A. Henson/Hope VI  
Community Gardens

The community garden fences and gates are about to be installed! We have designed areas on the concrete posts surrounding the 3 gardens with areas for mosaic art.

We would love to include your contributions of objects such as old plates, cups, vases and other ceramic items that can become parts of the overall mosaic design.

The items you donate may be used in whole or parts and will not be returned if used.

*Please place your ceramic contributions in the basket.*

**THANK YOU VERY MUCH!**

Fabrication has begun on the highly anticipated art fence! Local artist Joe Willie and John Nelson were selected to create three fences for Matthew Henson Village. One will surround the senior garden and two will be located at the youth gardens. As pictured below, the new fences will serve to two purposes. The fences will protect the gardens and provide the community with beautiful art pieces for all to enjoy. Joe and John have begun fabricating the pillars for the fences in their art studio. Fence construction should begin at the senior garden in January. The innovative design is well worth the wait!

### Want to be a part of the design?

Community members are encouraged to donate old ceramic such as, breakable plates, and vases to the art fence project. The ceramic pieces will be used to create beautiful designs in the pillars of the fence. Contact 602-534-2043 for more information.

# New faces at HOPE VI Community and Supportive Services (CSS)!

Please welcome the newest member of the HOPE VI CSS staff, Lena Varela! Lena started on November 1<sup>st</sup> and will be working as the new receptionist/ secretary at the Emmett McLoughlin Community and Training Education Center (CTEC). Lena lives in the Central City South area. She has several years of valuable experience. Please welcome her when you come to the CTEC!

This year the CSS Program would like to introduce 7 new Bachelors and Masters level interns from Arizona State University's School of Social Work. Adrian Cascio, Alexis Mulvaney, Karen Bagley, Kristi Fenrich, Nicole Ransom, Romina Salgado, and Zach Clark will be serving the community through one-on-one engagement, group activities, and community outreach.

CSS is very excited to have an international student volunteer, Wenhao Wang (Heidi). Heidi is a student from Arizona State University's School of Public Administration. Heidi is from Yellow Mountain, a city near Shanghai, China. She will serve as a translator for older adults living at Matthew Henson Village who speak Mandarin. With Heidi's help, more inclusive services can be provided to Mandarin speaking residents.
