Under the Americans with Disabilities Act, PRC must make a reasonable accommodation to allow a person with a disability to take part in a program, service or activity. For example, this means that if necessary, PRC must provide sign language interpreters for people who are deaf, a wheelchair accessible location, or enlarged print materials. It also means that PRC will take any other reasonable action that allows you to take part in and understand a program or activity, including making reasonable changes to an activity. If you believe that you will not be able to understand or take part in a program or activity because of your disability, please let us know of your disability needs in advance if at all possible. Please contact PRC at 602-253-6895.

Según la Ley para Americanos con Discapacidades (ADA), PRC tiene la obligación de realizar esfuerzos razonables para facilitar que las personas discapacitadas puedan participar de los programas, servicios o actividades. Esto quiere decir, por ejemplo, que PRC debe proveer intérpretes de lenguaje de señas para las personas sordas, una localización accesible por silla de ruedas, o materiales impresos en letra agrandada. También significa que PRC hará un esfuerzo razonable para que usted pueda participar en una actividad o comprenderla, incluyendo cambios razonables en la actividad. Si usted cree que no podrá entender una actividad o participar en ella a causa de su impedimento, por favor, comuníquenos de antemano su impedimento si le es posible. Por favor, llame a PRC al 602-253-6895.
Swimming Lesson Class Descriptions:

**STARBABIES**  Recommended Ages: 6 months to 2 years
The purpose of this course is to develop a high comfort level in the water, while training parents in water safety and drowning prevention. This course does not teach children to become accomplished swimmers or to survive in the water; it does provide a confidence-building, fun and loving experience. One parent or caregiver must be in the water with each child. Swim diapers are required.

**WHITE STAR**  Recommended Ages: 3 years to 5 years
If your child is afraid of the water, cannot swim at all, and does not like to get their face wet; then this is the class for them! This course will develop a high comfort level in the water and a readiness to swim. Instructors will emphasize the development of jumping in, kicking to the surface of the water, getting air and returning to the wall. Safety skills, entries and exits will also be highlighted in this course. This class approaches teaching swimming through creative and fun activities in the water. Children must be able to support themselves by holding onto the side of the pool, and be able to participate without parental presence, in order to enroll in this class.

**RED STAR**
This course is designed for children who are NOT afraid of the water, can float on their front and their back and who can jump in and return to the surface of the water without help. This course will develop correct body rotation and forward movement in the water. Instructors will emphasize independent floating, gliding, and arm strokes combined with kicking. Recognizing distressed swimmers, getting help, and entries/exits from deep water will also be taught in this course. Completion of Stage White prior to this class is not necessary as long as children exhibit complete comfort in the water.

**YELLOW STAR**
This course is recommended for children who can tread water, swim basic freestyle and can swim in deep water. The development of breath control, side breathing, and independent gliding will be emphasized. Safety skills including treading water and putting on a lifejacket while in the water will also be taught. Children should be able to perform all the skills from Stage Red prior to enrolling in this course.

La calidad del agua en la comunidad de Central City South esta monitoreada y puesta aprueba por la Ciudad de Phoenix. Cada año la ciudad realiza más de 5 millones de pruebas en el agua para asegurarse que llenen los requisitos dados por la Agencia de Protección del Ambiente (EPA). Adicionalmente, continúan buscando nuevas tecnologías para ayudar a que el agua tenga mejor sabor. Un ejemplo es como la ciudad está tratando de disminuir el sabor de humedad del agua que tomamos por las algas que crecen en el canal durante el tiempo de otoño. El agua está segura para el consumo humano pero a muchas personas no les gusta el sabor. Es muy importante beber mucha agua durante los veranos en Phoenix.

Si usted tiene preguntas sobre el agua que consume o si quiere saber más sobre cómo está tratada puede llamar al Departamento del Servicios de Agua de la Ciudad de Phoenix al 602-262-6251 o visite su página electrónica al http://phoenix.gov/waterservices/faqs/index.html.

Community Art Project

Hope Gardens, a new public art project that provides gates and fences for three community gardens at the Matthew Henson / HOPE VI Housing Community, hosted a dedication ceremony on May 9, 2013 at 5:00 p.m. at the Senior Garden located adjacent to the Senior Living Apartments at Henson Village, 1045 South 8th Avenue.

The gates and fences were created by Valley artists John Randall Nelson and Joe Willie Smith, who worked with community residents to design the public art. Drawing on a shared passion for renewing the old, the artists built the improvements with sculptural concrete fence posts and steel forged from recycled garden tools and salvaged industrial parts. The cast concrete posts also include household mementos contributed by community residents.

The public art project was commissioned by the Phoenix Office of Arts and Culture Public Art Program with percent-for-the-art funds from the Housing and Water Capital Programs. Established in 1986, the Phoenix Public Art Program has created more than 170 major projects, involving artists with communities to design and build better city buildings and public places. As the May flowers bloom in Phoenix so does a new community mural in Downtown Phoenix. This 2,500 square foot mural is one of a series of 12 murals highlighting local and global water struggles sponsored by The Estria Foundation for Public Arts. In partnership with local and statewide environmental organizations a #WaterWrites mural is growing on the south side of the Valley Youth Theater on 1st Street and Fillmore.

Phoenix Revitalization Corporation teamed up with community organizations; Black Mesa Water Coalition, Tonatierra, PUENTE, and the Downtown Phoenix Partnership to host this mural dedicated to local water conditions. Lead by an amazing team of artists, including Jeff Slim, Kim Smith, Xochitl Enriquez, Angel Diaz, Averian Chee, and members of the Cyphers Center for Urban Art, they are using art as a tool to tell the story of the of the Phoenix watershed.

The right side of the mural proclaims, “Water is Life” and proposes alternatives like wind and solar power, drought-resistant crops, and growing heirloom food. The Aztec rain deity, Tlaloc, is painted in the clouds raining clean water down on the earth and plant life.

#WaterWrites is a series of public art projects highlighting local and global efforts to heal and strengthen our communities but most importantly to raise awareness about water. A public paint party was held on Sunday, April 28 and the finished wall was unveiled during First Friday on May 3. For photos and more info visit www.estria.org

School ends, but free lunches for your kids don’t have to.
Provide free, healthy meals this summer with Kids Cafe®!

Kids Cafe® is St. Mary’s Food Bank’s meal-service program that provides Arizona children with what is often their last meal of the day. And when 1 in 4 of our kids is at risk of going hungry tonight, a nutritious meal served in a safe, accessible and nurturing environment is an investment into our kids and our community.

We collaborate with schools, community centers, churches, health centers, and other neighborhood groups to provide free, healthy meals and we would like to partner with you! In addition to providing for a 30-minute meal service time at lunch or supper for children 18 years old and younger, your site would simply need to maintain minimal daily paperwork.

Spots are limited for Kids Café this the summer, so join us in our vision to ensure that no child goes to bed hungry so they can live healthy and productive lives!
