WHAT IS 90 FEET LONG AND HAS A PURPLE NOSE (AND TAIL)?

Valley Metro and riders have celebrated several milestones for light rail and now there’s one more to add... newly painted purple and silver trains!

As with any home, building or piece of infrastructure, a little sprucing up or renovations are in order over time. Now that our light rail fleet has passed the age of 10, a new coat of paint matching our current bus fleet is the perfect refresh.

The current 50-car rail fleet will all be painted with the new colors. At the time of this publication, we have three repainted trains cruising through Phoenix, Mesa and Tempe. A fourth purple light rail vehicle will debut in mid-January. By the end of 2020, you should see more than half the rail fleet with the purple and silver paint scheme.
With the start of the New Year, Valley Metro and City of Phoenix are continuing to work on early construction activities to advance the South Central Extension/Downtown Hub light route project. Current construction activity includes the relocation of some public and private utilities in the downtown area. This work is primarily focused in a few key areas such as 5th Street between Washington and Jefferson streets and McKinley Street between Central and First Avenues. In addition to the construction activity in downtown, progress is being made on the project’s construction field office located near Central Avenue and Elwood Street.

Later this winter/spring, Valley Metro and City of Phoenix will be hosting community meetings with our construction contractor to provide more detailed information about the project’s construction schedule and offer an opportunity to ask the project team questions about the construction process and what to expect.

For the most up to date information about the project visit the project website at https://www.valleymetro.org/project/south-central-extension-downtown-hub or visit our South Central Extension Community Office at 5040 S. Central Avenue. Office hours are:

Mutant Piñata Show Promises Raucous Display During Art Detour 32

The 13th Annual Mutant Piñata Show, one of Phoenix' most anticipated offbeat annual exhibits, will be hosted by Weird Garden at 1008 N. 15th Avenue, with an opening reception First Friday, March 20th from 6-10pm during the Art Detour 32 weekend. The exhibit will also be viewable other Art Detour weekend hours along Historic Grand Avenue: Saturday, March 21st and Sunday, March 22nd from 11am - 5pm.

The historic Thomson Heating and Plumbing building (circa 1948), currently the studio of local artist Beatrice Moore, is converted to an exhibition space for the pinata exhibit each year. A free, all-ages pinata making workshop will be hosted by the Bergamot Institute Saturday, March 21st from Noon - 5pm, where all supplies are provided free of charge. Finished creations can be added to the show or taken home. The pinata show continues through April 3rd First Friday (6 - 10pm).

Pinatas are made from traditional, as well as non-traditional, materials including papíer maché, paint, cardboard, recyclables, fur, wigs, pipe cleaners, bubble wrap, cloth scraps, sequins, faux jewels, feathers, styrofoam, and plaster. Themes run the gamut from wacky, to cartoony, philosophical, political, funny, elegant and even naughty. Some of the works will be for sale with all of the proceeds given to the artist.

Moore will also have a selection of her popular, elaborate faux cakes on display as part of the weekend offerings. In the outdoor “weird garden”, soft sculptures created by the artist will delight both young and old alike, with a “Patio of the Dolls” decorated with dozens of hanging dolls collected at thrift stores, their faces decorated with rhinestones and sporting tiny, handmade hats. There will be a few hanging “Wig Bromeliads” as well.

For more information about the show, and how the public can submit a pinata, contact Beatrice Moore at uppetsrealmom@gmail.com or visit the Weird Garden or Mutant Piñata Show 2020 FB pages for updates and an application.
